

Graphic / Web  
Designer Position

DESCRIPTION:

We're looking for a great designer with web design and standards compliant front-end coding expertise. If you also love print and designing the occasional annual report, even better.

So, what's a great designer? Our ideal candidate is smart, content-focused, detail oriented, engaged, and interested in new ideas and self-learning. A great sense of typography, hierarchy and rhythm, are a must.

Must be motivated self-starter who can manage projects from concept through production. The ideal person is an exceptional designer with a minimum of 5 years experience who can thrive in a fast paced environment under tight deadlines.

And us? We're small, casual, self-critical + dedicated, with good coffee, excellent benefits, and a wide range of interesting projects and clients. We want to work with people who love their jobs.

REQUIREMENTS:

- A passion for creating fresh, innovative and engaging design solutions.
- Development expertise with HTML, DHTML, XHTML, CSS.
- Adherence to W3C standards, Clean coding techniques and adoption of best practices.
- Attention to detail and quality assurance.
- Excellent written, oral, and interpersonal communication skills.
- Good organization, prioritization and time-management skills. Ability to handle tight deadlines.
- Ability to work both independently and as part of a team.
- Proficiency in latest Adobe Creative Suite.

This position is full-time with a starting salary based on experience and qualifications. Benefits (after 90 days) include fully-paid medical insurance, generous 401-K plan, job skills training and tuition contribution for relevant education.
